Date: 11 August 2026

### **JWPS Sustainability Efforts**

**Dear Parents/Guardians,**

As part of our school's ongoing efforts to promote environmental responsibility and sustainable living, we are pleased to share two upcoming initiatives that encourage our students to care for the environment through simple everyday actions.

#### **(1) Weekly Recycling Drive**

Every Monday is Recycling Day at our school. We encourage students to bring clean and empty recyclable items from home, such as:

- Plastic bottles
- Plastic containers (e.g. shampoo or detergent bottles)
- Metal cans
- Used batteries

The details are as follows:

|       |                                 |
|-------|---------------------------------|
| Day   | Every Monday                    |
| Time  | During recess                   |
| Venue | Recycling corner in the canteen |

To encourage active participation, students will receive one Bee Stamp for every two recyclable items they bring. Bee Stamps can be accumulated and redeemed for prizes at the end of each school term.

We hope this initiative will help our students develop good recycling habits and deepen their understanding of the importance of protecting our environment. We would greatly appreciate your support in encouraging your child/ward to participate and do their part in reducing waste through recycling. Please note that students will not be able to claim the refundable deposit for the containers covered under the Beverage Container Return Scheme (BCRS). We encourage families to return these containers at designated BCRS collection points instead. Thank you for your support and cooperation.

### (2) Uniqlo Sustainability Assembly and Clothing Donation Drive

On **14 August 2026 (Friday)**, our students will attend a special assembly conducted by Uniqlo on how everyone can contribute to a more sustainable future through responsible consumption and recycling.

As part of this collaboration between Uniqlo and the school, clothing donation booths will be set up for students and their families to donate *used Uniqlo clothing*. We encourage your family to support this meaningful initiative by contributing any eligible items. As a token of appreciation, donors will receive a small gift from Uniqlo during recess on that day, available on a first-come, first-served basis while supplies last.

Together, these initiatives provide valuable opportunities for our students to put environmental stewardship into action and develop lifelong sustainable habits.

Thank you for your continued support in nurturing environmentally responsible citizens.

Regards,  
Mrs Vivienne Nai
